

DESTINATION DALMATIAN

BREEDING AGREEMENT

Seller has determined that the Dog was purchased to be of "show potential." Show prospect shall be understood to mean that no disqualifying faults as defined in the standard are evident at time of sale, and further that no genetic disorders are immediately apparent. In such a case, the Seller has provided Buyer with an AKC Registration Certificate with full registration.

Show potential/quality? Yes or No (circle one)

AKC's Breeding Requirements, Rules and study

Both Parties understand that AKC DOES NOT allow the registration of a litter out of a Dam less than 8 months old of age or more then 12 years of age at the time of mating, or by a sire less than 7 months of age or more than 12 years of age at the time of mating. Seller agrees to read and review all AKC rules and terms of dog breeding and illustrated versions of their standards for more in-depth research on whelping. The National Parent club can provide assistance.

1. You may only breed a planned litter with a purebred stud/bitch (also with show/breeding rights granted by his/her breeder at the time of sale).
2. Neither Seller nor Buyer shall support any cross breeding between two breeds, whether purposely or accidentally bred. If for any reason, a litter of puppies is whelped from the puppy you purchased from Destination Dalmatian before requirements have been met, or sired by a non-purebred stud, the Seller-Alicia Longenecker will collect from Buyer a penalty fine of \$1000 per puppy born.
3. The Buyer is to keep the Seller updated of the Buyer's current address and any change of address must be reported in writing within thirty (30) days of said change.
4. Buyer must agree to send a photo every year to show the dog is in good condition. While most breeders are more concerned about the spirit rather than the letter of the law, the buyer understands Alicia Longenecker's decision to exercise her legal rights.

Breeding Health Checks & Screening Requirements

Buyer agrees to perform Pre- breeding health checks such as; regular veterinary care, genetic screening, regular exercise, good nutrition. Females should not be overweight and have good muscle tone before breeding. If the dog has bad temperament, he/she will have to go to training before considering breeding.

One month prior to FIRST breeding, the female should have a thorough pre-breeding physical examination by a vet, Brucellosis test, vaccinations should be current, and be tested and treated for parasites. OFA breed required testings to

maintain databases of the tests. Any male/female dog used from another breeder must have proof of a brucellosis test!

Stud dogs will only be bred at their full sexual maturity between 9-15 months old.

Buyer agreement signature: _____

Female dogs will only be bred as late as 18 months and 2 years of age. And will not be bred until the 10th and 14th day of her cycle. There will be no back to back breeding with the same dog. Female dogs are required to be fixed after their 6th litter and will only be bred once a year of the buyers choice. If at any time a dog is required to have a C section, she will be fixed and that will be her last litter. A proof copy of the spay papers shall be emailed to the breeder.

Buyer agreement signature: _____

PARTIES AGREEMENT

In this act of good faith, I trust that the breeder has done her level best to produce a healthy, well-adjusted puppy, and the breeder is trusting that I will take care of our new family member to the best of my ability, hopefully, long enough to see its muzzle gray. Ideally, the breeder will be available every step of the way for questions, concerns and, at the very end, a shoulder to cry on. This agreement/contract made on _____ between breeder and buyer is a binding contract.

If either sex of dog/dogs are bred prior to this agreement there will be a penalty fine of \$2,000 for breach of contract, and Buyer is responsible for court fees and your local SPCA will be notified.

Buyer has Read, Understood, and Agrees to these terms and conditions
